**ON PETITION**

This is a decision on the petition under 37 CFR 1.137(b), filed February 4, 2005, to revive the above-identified application.

The petition is **GRANTED**.

Petitioner requests consideration of the five-month period where the application could not be located for patent term adjustment. It is noted that a patent term adjustment is separate from revival and it is inappropriate to address petitioner's request at this time. Petitioner should follow the guidelines set forth in 37 CFR 1.701, et seq., and file a request for patent term adjustment at the appropriate time.

Telephone inquiries concerning this decision should be directed to the undersigned at (571) 272-3223.

The application file is being referred to Technology Center 2600.
